- 32. Exhibitors are expected to comply with the Australian Grape and Wine Incorporated Code of Practice for the display of awards (except for clause 1, which applies to wines labelled for export only).

Australian Grape & Wine Code of Practice for the Display of Awards

The Code applies to all Australian Wine producers for wine produced or sold in Australia or for export.

- Producers will not use medals, stickers, symbols or other devices on a wine container or on any promotional material in order to misleadingly convey the impression that the wine has received an award at an open, objective and independent competition.
- Awards received by an individual wine will bear the name of the show and the year of award. The class number is recommended but not mandatory. As a general rule, awards shall only be applied to wines bearing the name under which the exhibit was entered;
 - However, in recognition that a wine could be entered in a show before a wine has been finally allocated to a Brand, portability of an award so that it can stay with the wine which won it shall be permitted providing the wine show regulations so allow.
- Awards received by a class of wines (e.g. "Winemaker of the Year", "Most Successful Exhibitor") shall not be used to suggest the individual wine has received any particular distinction. These awards will not be presented on the consumer package of an award or non-award wine in the form of a medal.
- 4. The use of gold, silver and bronze discs or a combination of one or more of these colours with a black disc to promote anniversaries, events, sponsorship and the like is not acceptable. Stickers and symbols or other devices should be sufficiently differentiated from show medals in terms of shape and/or colour to ensure no confusion.
- It is recognised that there are a number of circumstances in which metallic discs can be used which clearly do not convey the impression that the wine has won an award. These are restricted to:
 - The presence of disc shaped stickers embedded within brand crests and /or architecture; and
 - Circular metallic devices which are decorative and clearly not medals; and
 - It is recognised that identification stickers attached to a bottle for wine not intended for resale, such as supplied to airlines, may fall outside the control of the producer.
- Compliance by a producer (including by subsidiaries or by associated companies) with this
 Code of Practice be a prerequisite for entry to any show of which the display of awards or
 medals are authorised by the Wine Australia Corporation for export to Europe. Wine show
 regulations will need to be amended accordingly.

Judges' Comments

- Class 1: Exciting class with some positive results for non-traditional varieties. Wines with freshness and texture stood out. Acid balance a positive.
- Class 4: Strong class with 3 excellent wines, overall a great class of drinkable wines, unfortunately some wines with oxidation which held them out.
- **Class 5:** A difficult class to draw out highlights. Wines with some mid palate fruit and freshness (pop) stood out. Reduction and volatility challenged some wines. One smoke taint wine was a surprise.
- Class 6: Very even class of quality wines, top wine was easily the standout, great to see clean fresh wines with subtle, balanced oak handling, well done. Chardonnay shows its class.
- **Class 7:** The best of class was pure to varietals, delicate balance and well made to dry style. Some problem areas were around broadness and lack of freshness. Good colours and vibrant appearances in this bracket.
- Class 8: Varietal expression and presence on palate were rewarded.

 Down scored wined had texture at the expense of freshness.
- Class 9: Overall wines showed a strong tendency to over oak and too much RS. Best were juicy with fruit pop no obvious oak or sweetness. Nero a strong variety in this class.
- Class 10: Overall many wines appearing forward and developed, many good wines marked down because of over-use of oak.
- Class 11: Overall a good class of white blends, the gold a really great example of the blend of Viog/Rou/Mar.
- Class 12: The best of these wines were showing varietal character, with a good core of fruit and well balanced oak. The wines that didn't score so well were showing some age, lacking freshness and had obvious oak.
- **Class 14:** Great class of Durif wines with one outstanding example.
- Class 15: Two very good wines, too many simple and underwhelming wines marred with basic wine faults.
- Class 16: Well managed blends utilised strengths of varieties and added depth to palate. Well used oak allowing fruit to sing and restrained RS. The fresher fruit wines stood out. The non medal wines showed advanced age, unbalanced oak usage.
- **Class 17:** Prosecco were promising.
 - Developed without age was a negative in white and red sparkling wines.
- Class 18: Balance between RS and acid dictated preferences.
- Class 19: This class had a better balance between sweetness and acid than class 18.

 Best here showed balance and fresh finish with clean fruit punch.
- Class 20: Some terrific wines showing vibrancy, brightness, balance sweetness, Good Rose rocks. Hail Hail Rose....
- Class 21: One very good wine, too many others showing poor colour, advancement and development
- Class 23: Best wine had good clean fruit lovely concentration and acid line to give fresh finish. Some wines needed more attention to acid balance and lacked vibrancy.
- Class 26: Three very good wines, top wine had the finesse and balance.
- Class 29: Disappointing class, expected more from these, top wine had the balance.
- Class 32: Strong bracket overall good restrained oak, Best showed clean and well developed notes. Fresh harmonious flavours.
- Class 33: Great class of wines, gold was a great example of the variety.
- Class 34: Interesting class to be in region and looking at wines not of Riverland origin.

 This class showed a lot more fruit weight and concentration/ natural tannin frame.

 Lower pointed wines showed unripe notes and premature development.

 A few unclean aromatics.
- Class 35: Great class of fresh wines, showing fruit balance and drive.
- Class 36: Even quality wines, with well-balanced fruit and oak.
