

# Message from the Chairman

The 33<sup>rd</sup> Riverland Wine Show has once again proved itself to be a valuable showcase for the regions wines. Wines from the region were well represented amongst the medalists. There were generally more gold and silver medals awarded this year with some high quality wines in Petit verdot, Shiraz and Durif Classes. Viognier and 2005 Chardonnay also performed well. Some quality Rose wines were exhibited and some of the fortifieds initiated strong debate amongst the judges. Brandies were again strong in their classes.

This year we had 574 entries which was an increase of about 40 entries compared with 2004. A formal audit procedure in line with ASVO recommendations was implemented this year with two producers being randomly selected and audited for the following: eligibility to enter, compliance to the scheduled class (label integrity and volume requirements), laboratory analysis and taste comparison with commercially available or bulk stock. Both producers were found to comply with these requirements. One producer used a medal-like logo on a commercial label which is against ASVO recommendations. It was recommended that the winemaker should become familiar with the Code of Practice and the ASVO recommendations for future production.

The seminar "Some Like it Hot", held in conjunction with the wine show, was once again strongly supported and emphasizes the Show Committee's commitment to extension work which fosters continued improvement in viticulture and winemaking techniques, which hopefully will extend to improvements in style and quality in regional wines in the future.

I would like to acknowledge the commitment and support of our wine show sponsors. This support is invaluable and has once again enabled us to hold a very successful show.

# Winemakers Federation of Australia

## Code of Practice for the display of awards

1. Producers will only display awards gained from competitions authorised by the AWBC.
2. Producers will not use medals, stickers, symbols or other devices in order to misleadingly convey the impression that the wine has received an award at an open, objective and independent competition.
3. Awards received by an individual wine will bear the year of award and the class description and as a general rule shall only be applied to wines bearing the name under which the exhibit was entered. However, in recognition that a wine could be entered in a show before a wine has been finally allocated to a Brand, portability of an award so that it can stay with the wine which won it shall be permitted providing it is allowed by that show.
4. Awards received by a class of wines (eg “Winemaker of the Year”, “Most Successful Exhibitor”) shall not be used to suggest the individual wine has received any particular distinction. These awards will not be presented on the bottle in the form of a medal.
5. Compliance by a producer (including by subsidiaries or by associated companies) with this Code of Practice is a prerequisite for entry to any show of which the display of awards or medals are authorised by the AWBC for export to Europe.
